

As with most rescues there are always animals who are unable to be rehomed due to ongoing health and/or temperament issues. Tameside Rabbit and Guinea Pig Rescue are introducing a new sponsorship scheme, especially for those animals who will stay in our care for the rest of their lives. Sponsorship will enable the Centre to continue to pay for ongoing veterinary treatment and to provide a permanent place of safety.

If you would like to sponsor one of the animals listed below please contact the Centre on 0773 883 1872 or by email at: [office@tamesiderabbitandguineapigrescue.info](mailto:office@tamesiderabbitandguineapigrescue.info) for advice on where to send your completed form.

As a sponsor you will receive a quarterly newsletter, a key ring with your adopted pet's photograph and a Christmas and Birthday card from your own rabbit, guinea pig or chinchilla.

**The following rabbits are available for *virtual* adoption through your sponsorship.**

**Ronaldo** has come to the rescue after having various breeder homes, and unfortunately his last home was no longer able to keep him. He is 8 months old and is getting used to be handled and likes coming out on fundraising events and school visits.

**Albert** is a young, French Lop cross Continental who has come to the rescue after his brother started attacking him. His ears are pretty much torn to bits at the ends, but despite this he is extremely friendly and is looking forward to coming along on the school visits

**Will and Brad** are 2 young male French lops who were born on 23/12/09 and they live together. As you can see Brad has a bad eye (his eyelid was ingrowing), which was untreated until the brothers came to us. He has now had a small operation to stitch back the eyelid so that his ingrowing lashes have been turned out allowing his eye to heal. The brothers are going to remain at the centre as Brad will need more surgery.

**Demon** is a young, French lop who has an evil temper and has a real hatred of people and as a result he will quite happily give you a bite. Due to his size and temperament he is going to stay at the centre

**Sam** is a 7 month old continental giant male who has come to the rescue. He has a extremely bad ear infection that is going to take months to clear but will probably return, he is very friendly and will stay at the centre

## Sponsorship Form

**Name:**

**Address:**

**Email Address:**

**Your Birthday:**

<i>PLEASE DELETE AS APPROPRIATE</i>	<b>Sponsorship Charge</b>
-------------------------------------	---------------------------

**I/we would like to Sponsor a Rabbit .....**
